

JAYARAJ S

B.Tech – AI & Machine Learning | Parul University, Vadodara | 2nd Year

jayaraj.s260807@gmail.com | +91 7676002269 | [linkedin.com/in/jayaraj-s-jaykar](https://www.linkedin.com/in/jayaraj-s-jaykar) | github.com/jayarajs260807-collab

SUMMARY

Motivated AI/ML engineering student with hands-on experience in Python, HTML & CSS, and full-stack development. ITS-certified in web technologies, with proven leadership as Student Coordinator for university-level events. Passionate about building intelligent systems and contributing to impactful projects.

EDUCATION

B.Tech – Artificial Intelligence & Machine Learning

2025 – 2029

Parul Institute of Engineering & Technology (PIET), Parul University, Vadodara | Enrollment: 2503031460149

EXPERIENCE

Data Analytics Virtual Experience – Deloitte Australia

Jul 2025 – Jul 2026

Forage | Verification Code: fHw569uS7j4RuxjHd

- Completed a job simulation by Deloitte Australia with hands-on tasks in data analysis and forensic technology, mirroring real consulting workflows.
- Analysed datasets to identify patterns and draw data-driven conclusions — the same tasks performed by Deloitte's analytics team.
- Gained practical exposure to forensic technology practices including data integrity, evidence handling, and investigative data techniques.

PROJECTS

File Scanner – Browser-Based Malware Detection Tool

2025

Tech Stack: HTML5, CSS3, Vanilla JavaScript | GitHub: github.com/jayarajs260807-collab

- Built a standalone client-side security tool that scans files for known malware signatures using the Web Crypto API (SHA-256 hashing) — no server required, runs entirely in the browser.
- Features drag-and-drop/click upload, real-time scan results with threat/clean/error states, and a blacklist-based signature matching engine.
- Demonstrates applied knowledge of browser APIs, asynchronous JavaScript (async/await, ArrayBuffer), and UI/UX design with responsive CSS.

LEADERSHIP & ACTIVITIES

Training & Placement Cell Coordinator

Aug 2025 – Present

Parul Institute of Engineering & Technology (PIET), Parul University

- Actively coordinated 25+ campus placement drives, liaising between recruiters and students to ensure smooth execution of hiring processes.
- Facilitated communication between companies and the institution, supporting student preparation and interview scheduling across multiple recruitment cycles.

CERTIFICATIONS

HTML & CSS – ITS (Certiport / Pearson VUE) — ID: Lsyb-s4qu | Dec 2025 | Valid till Dec 2030

Python Programming (iamNEO – NIIT Venture) — C.No: 27dk7bl5Cm2529D73BN1 | Issued: 30-May-2026

Introduction to MS Excel (Unstop) — Code: 10396080 | Issued: 26-Jun-2026

Agentic AI Workshop (Projections, Parul University) — Feb 2026 | Instructor: Ajinkya Lohakare, CTO, Ditto Security

Full-Stack Development Workshop (Projections, Parul University) — Feb 2026 | Gujarat's Largest Technical Festival

TECHNICAL SKILLS

Languages: Python, HTML5, CSS3, SQL **AI/ML & Data:** Machine Learning, Agentic AI, Data Analysis, Forensic Technology **Tools:** Git, GitHub, MS Excel, VS Code, Google Colab **Other:** Full-Stack Development, REST APIs, Responsive Design
